

EDELNet+ PhD Training Programme in Methods and Skills of Legal Research

CfA – Face-to-face Intensive Study Programme in Berlin

The seven partner universities of the EDELNet+ PhD Training Programme are inviting applications to its 2021 face-to-face (f2f) Intensive Study Programme (ISP) that will take place in Berlin in the week of 22-26 November 2021 (21 and 27 November arrival and departure dates respectively).

The number of f2f participants is limited to 8 PhD students per institution. Successful applicants are expected to be registered as PhD students at one of the Partner Universities and have a good command of English.

Accommodation and travel expenses will be reimbursed after the programme by the EDELNet partnership within the allowance awarded by the German Academic Exchange Service (DAAD), the institution funding this year's programme (see below). Participants are expected to make their own travel and accommodation arrangements.

The ISP consists of a blend of preparatory e-courses and a 5-day-long face-to-face (f2f) programme that aim to equip participants with key research competences and skills. In the online preparatory phase, participants are invited to take three online micro-courses on Research Project Management, Academic Integrity & Ethics and Intercultural Awareness (annex 3). The core of the f2f programme are individual Project Sessions where participants get the opportunity to present their research projects to an audience of junior and senior researchers that will provide each participant with meaningful feedback meant to help PhD candidates improve their research and encourage them to continue their efforts towards completing their dissertation. Project sessions are also based on written research outlines that each presenter has to submit in advance. The f2f programme also includes a variety of short workshops on advanced legal English, public speaking and presentation, intercultural communication and research project management skills.

For further information and application submissions, please contact the programme coordinator, Dr. Juan J. Garcia Blesa, at [juan.garciablesa@fernuni-hagen.de]. **Applications** will be accepted **until August 27, 2021**.

Accommodation allowance for PhD students (per night/participant): €54

Travel allowance: up to €200
