

Announcement of a vacant position
at the Faculty of Informatics,
Vienna University of Technology, Austria

Postdoc researcher position

for a woman
(for a six year term)

As part of a special measure towards increasing female employment in scientific positions, the Faculty of Informatics at the Vienna University of Technology announces a postdoc researcher position for a woman in one of the Faculty's main research areas: Computational Intelligence, Computer Engineering, Distributed and Parallel Systems, Media Informatics and Visual Computing, as well as Business Informatics (<http://www.informatik.tuwien.ac.at/research>).

Duties include research in one of the Faculty's main research areas (see above) as well as graduate and undergraduate teaching.

Applicants are expected to fulfil the following requirements:

- PhD or doctoral degree in Computer Science or Business Informatics
- High-quality research results and publications
- Willingness to contribute to graduate and undergraduate teaching as well as to secure funded research grants and manage scientific research projects

Applications should include:

- A detailed curriculum vitae
- A list of publications
- A letter of motivation
- A research statement (brief summary of past research activities, as well as a convincing outline of planned research activities, and an explanation of their contribution to the scientific profile of the Faculty of Informatics; 5 – 7 pages maximum; incl. abstract)
- An explicit indication of which of the Faculty of Informatics' main research areas the applicant's research activities fit into (<http://www.informatik.tuwien.ac.at/research>).

Postdoctoral assistants are covered by grade B1 of the Austrian Collective Agreement for University Staff and receive a minimum salary of currently Eur 48,766.20 per year.

Applications should be sent to the Dean of the Faculty of Informatics, Prof. Dr. Gerald Steinhardt, in digital form (a single pdf file to: dekan@informatik.tuwien.ac.at).

Application deadline: July 16, 2014
